

GALATEA Blue Growth Accelerator selects and supports 14 innovative projects led by 25 SMEs across Europe.

It is a great success for the first GALATEA blue growth accelerator call with 76 projects submitted by innovative European SMEs to the Blue Growth Accelerator.

After one intense month of joint evaluation operated by the GALATEA consortium partners and associated experts, the results have been announced to the applicants.

25 selected SMEs will get direct financial support from the voucher scheme (1.259M€ in total) to undertake development and technology transfer activities, prototype projects and demonstration projects that aim to tackle challenges related to energy, logistics, environment, digitalisation, service development, security and manufacturing in the four Blue Growth domains supported by the GALATEA project: Smart Port, Smart Ship, Smart Shipyard and Maritime Surveillance.

Four Innovation Clubs sessions will be organised, one for each GALATEA domain and its challenges, to encourage SMEs in proposing innovating solutions to the challenges identified and to form cross regional consortia.

During each session, participants will be invited to collaborate following an Innovative "design thinking" methodology to develop Innovative Ideas responding to the challenges emitted by GALATEA.

Afterwards, a B2B matchmaking event is planned to enable SMEs to meet and consolidate concrete partnerships.
